

PRAKRUTHI V

Electronics & Communication Engineering Graduate

Bengaluru, India | +91 89040 23876 | prakruthivraju@gmail.com | [linkedin.com/in/prakruthi-v](https://www.linkedin.com/in/prakruthi-v)

SUMMARY

Motivated Electronics and Communication Engineering graduate with hands-on experience in Python full-stack development, IoT systems, and software testing. Proficient in Python, SQL, web development, and Arduino-based embedded systems, with strong analytical and problem-solving abilities. Eager to apply technical skills in an entry-level role and contribute to organizational growth.

EDUCATION

East West Institute of Technology, Bengaluru BE, Electronics & Communication Engineering — CGPA: 8.31/10	2026
Soundharya Composite PU College, Bengaluru PCMB — 81%	2022
Bangalore Education Society SSLC — 78%	2020

PROJECTS

Smart Cradle System

- Designed and built an embedded system to automate cradle control based on infant motion and sound, handling design, coding, and testing end to end.
- Integrated sound and motion sensors with a servo motor and Bluetooth module to trigger automatic rocking and send real-time alerts to a caregiver's phone.

Tools: Arduino IDE, Sound Sensor, Motion Sensor, Servo Motor, Bluetooth Module

Smart Monitoring and Control System for Home Automation

- Developed an embedded system enabling remote monitoring and control of home appliances, contributing to both system design and testing.
- Achieved real-time appliance monitoring and control, improving energy efficiency and reducing manual operation.

Tools: Current Sensor, Arduino UNO, NodeMCU ESP8266, PCB, Relay Module

INTERSHIP EXPERIENCE

Python Full Stack Intern — Qspiders, Bengaluru (Feb 2026 – May 2026)

- Completed structured internship training in Python full-stack development.
- Worked hands-on with Python programming, database concepts, and core web technologies.
- Strengthened problem-solving, debugging, and software development skills through applied coding exercises.

SKILLS

Programming Languages

C, Python, SQL

Tools & Platforms

VS Code, SQL*Plus, IDLE, MATLAB

Soft Skills

Teamwork, Time Management, Communication, Problem Solving

Embedded Systems

Arduino IDE, Embedded C, Sensor Integration

Core Focus

Web Development, IoT Systems, Software Testing

CERTIFICATIONS

- Python Full Stack** — Qspiders — a unit of Test Yantra Software Solutions Pvt. Ltd. (2026)
- Electric Vehicle Technology** — Accenture & GTT Foundation (2025)
- Artificial Intelligence** — Ethnotech Academic Solutions (2024)

ACHIEVEMENTS

Drone Acharya — Drone Building Hackathon

- Gained practical, hands-on expertise in drone assembly, flight control systems, and sensor integration under time-bound competition conditions.
